KEY TO BOOK

The BRANDS in this book have been classified and arranged, asfaras possible, first, under LETTERS, second, under FIGURES, third, under FIGURES AND LETTERS, and fourth, under CHARACTERS.

CHARACTERS are arranged in alphabetical order, according to the character, symbol or object they are supposed to represent, commencing with ACE OF CLUBS, and including Anchors, Anvils, Arrows, Axes, Bars, Birds, Boots, Bottles, Clover Leaf, Crosses, Crescents, Circles, Diamonds, Dollar Mark, Dots, Dumb-bells, Flags, Forks, Fruit, Hats, Heads, Hammers, Hearts, Hooks, Horseshoes, Houses, Keyes, Ladders, Squares, Scissors, Shields, Spades Stars, Swastika, Trees, Triangles, Tumblers, Wrenches, Question Marks and Miscellaneous.

The O's and circles have been placed together with letter O. The figure 1 will be found under letter I, as 1, 10, 11, 12, 13, 100, 150, 199.

No account has been taken of rafters, quarter circles, crosses, hearts, diamonds, boxes, and triangles or other symbols in classifying when used in connection with letters, figures or characters.

In looking up brands, bear in mind that local names are not always general names. For instance 卐 is called cross Z by many, but the general name "swastika" is more widely known, hence it will be found among the characters. A/ may be called A V or AN. It is well, therefore, when looking for a brand to search for it under the various places under which you think it could be classified.

EAR MARKS

EAR MARKS recorded other than with a brand are classified under BITS, CROPS, HALF CROPS, HOLES, SLITS, SLOPES, SWALLOW FORKS and MISCELLANEOUS.

WATTLES AND DEWLAPS

WATTLES and DEWLAPS recorded other than with a brand will be found on page 34.

INDEX

Name index will be found on page 35.
